

2024 Nominating Committee Collegiate Member/Alternate Application Instructions

Thank you for your interest in elected service for Gamma Phi Beta in the 2024-26 biennium.

Serving on the Nominating Committee (NC) is a significant opportunity to impact the organization. All collegiate members in good standing, who will still be collegians in spring 2026 and are committed to executing the duties of the role are eligible and encouraged to apply.

Gamma Phi Beta is dedicated to diversity, belonging, equity and inclusion (BEDI) and seeks for this commitment to be reflected in the application process for elected service and in the resulting leadership teams.

The selection process for collegiate NC members will include a written application, virtual interview and approval by International Council (IC). After reviewing all written applications, applicants moving forward in the election process will receive an email invitation to conduct a virtual interview. The most up-to-date application timeline and information can be found at GammaPhiBeta.org/NominatingCommittee/Collegiates.

The written application includes:

1. Biographic information (personal, educational/professional, community, Gamma Phi Beta)
2. A series of open-ended questions related to experience, diversity and inclusion, skills and strategic thinking.

If you have any questions about the application or process, please contact 2022-24 NC Chair Tanya Jordan (Purdue) at nominatingchairwoman@gammaphibeta.org.

2024-26 Nominating Committee Collegiate Member and Collegiate Alternate Application

First Name:

Last Name:

Email:

Current Address:

Country:

City:

State:

Province:

Cell Phone:

Chapter of Initiation:

University:

Major:

Are you a full-time student?

Initiation Year:

Expected Graduation Date:

Will you still be a collegiate member in spring 2026?

Are you in good standing (Good standing means being current with all chapter, affiliated house corporation/Facilities Management Company (FMC) and international financial obligations and implies that members are in line with academic, social and financial standards of their chapters.)?

Given the scheduling needs for monthly planning meetings and subcommittee members, collegiate members and alternates may not study abroad during their school semesters, aside from summer terms, if appointed. Do you have plans that conflict with the outlines above that the committee should be aware of?

Why do you want to serve on the 2024-26 NC?

What strengths can bring to the committee? What do you hope to gain from this experience?

The Sorority's efforts are focused on creating space for the most representative leaders through changing policies surrounding diversity, equity and inclusion. In your own leadership experiences, how have you worked to further BEDI? Please include concrete examples.

Gamma Phi Beta leadership experience (include position title, years served and estimated number of hours per week). Expand on those positions that demonstrate your strongest leadership attributes and

include any relevant accomplishments. If possible, connect your experiences to the expectations for NC members outlined in the **job description**.

Collegiate/high school leadership experience (include position title, years served and estimated number of hours per week). Expand on those positions that demonstrate your strongest leadership attributes and include any relevant accomplishments. If possible, connect your experiences to the expectations for NC members outlined in the **job description**.

Community leadership experience (include position title, years served and estimated number of hours per week). Expand on those positions that demonstrate your strongest leadership attributes and include any relevant accomplishments. If possible, connect your experiences to the expectations for NC members outlined in the **job description**.
