

ESSENTIAL CHAPTER BUSINESS AND COVID-19

Note: This content is from the March 25, 2020, Collegiate Digest

On March 12, 2020, we released [Chapter Response Guidelines](#) for COVID-19. Within this document, we outlined what essential chapter business should be completed for the remainder of the academic year.

Essential chapter business for the remainder of the academic year includes:

- Approving chapter budget for the 2020-21 academic year.
- Discussing proposed bylaw amendments in preparation for Convention 2020.
- Selecting a Convention delegate and alternate delegate.

In addition to these items previously outlined, chapters will also need to complete the following:

- [Review the report of the Nominating Committee](#).
- Complete all good standing items (all financial and reporting requirements met) in order to be eligible to vote at Convention.

We understand that it is stressful to think through these details during this challenging time, so thank you for your diligence and dedication to Gamma Phi Beta. Resources will be available as soon as possible to assist your chapter in conducting business virtually.
