FOR IMMEDIATE RELEASE

GAMMA PHI BETA ANNOUNCES CLOSURE OF ETA ALPHA CHAPTER

Centennial, Colorado – It is with sadness that International Council announces the closure of Eta Alpha Chapter of Gamma Phi Beta at Lake Erie College, effective May 1, 2017. Members of the chapter have voted to relinquish the charter of the chapter. International Council voted to accept the chapter's charter.

While Gamma Phi Beta is saddened by this outcome, we commend the members of Eta Alpha Chapter who made this difficult decision with grace and maturity.

All current collegiate members of Eta Alpha Chapter will be granted alumnae status. They will always be Gamma Phi Betas, as will the alumnae who have graduated from Eta Alpha Chapter.

While the closing of a chapter is never easy, International Council believes this decision is in the best interest of all members. It is important that our collegians have a fulfilling and quality member experience, and we support the courageous decision made by the members of this chapter.

About Gamma Phi Beta International Sorority

Gamma Phi Beta International Sorority was founded in 1874 at Syracuse University in Syracuse, New York. The Sorority's mission is to inspire the highest type of womanhood. Headquartered in Centennial, Colorado, the Sorority has chartered more than 185 collegiate chapters across the United States and Canada, and has more than 200,000 collegiate and alumnae members worldwide.
