**FOR IMMEDIATE RELEASE**

**LEIGH ANN PRICE APPOINTED FACILITIES MANAGEMENT COMPANY CHAIRWOMAN**

**Centennial, Colorado** – Gamma Phi Beta International Council has appointed Leigh Ann Price (Texas Tech) chairwoman of Gamma Phi Beta’s Facilities Management Company (FMC), effective August 1, 2016.

Leigh Ann has volunteered for Gamma Phi Beta for more than 20 years, including four years on International Council as Financial Vice President and most recently serving on the FMC Board of Managers, a role she has held since the FMC was founded in 2012.

“The 2014-16 International Council is thrilled to appoint Leigh Ann to this position. She brings incredible experience to the table – years of knowledge in Gamma Phi Beta operations, a unique understanding of the FMC and the current Board of Managers and an incredible professional business background. Coupled with her vision for the FMC and unique style of leadership, we know the FMC and the future of Gamma Phi Beta housing is solid,” said 2012-16 International President Krista Davis.

In her professional life, Leigh Ann is the director of business performance management for the National Collegiate Athletic Association (NCAA) in Indianapolis, Indiana. Leigh Ann joined the NCAA in 2006 and brought more than 20 years of experience in financial and operational management with teams in sales, marketing, distribution and customer service functions for industry-leading companies in consumer packaged goods and commercial aviation technology and services. The hallmark of Leigh Ann’s work is a hands-on, multi-dimensional, panoramic-vision approach to creating business solutions that balance strategy and theory with tactical efforts required to implement those solutions.

“My personal commitment as the chairwoman of the Facilities Management Company is to continue to position the FMC as a clear, collaborative and compelling company,” said Leigh Ann. “We will be clear about our desired outcomes as outlined in our strategic plan. I will promote collaboration among the Board of Managers, professional staff, volunteer leaders, members and external partners. And I want the FMC to be compelling so that our facilities, our operations and our governance leadership will be powerfully irresistible to all who would find themselves at our thresholds and find a welcoming home with us.”
